24th annual “Raise the Roof” Golf Scramble

TimberStone Golf Course

New Executive Director

We welcome Kathy Kulas, formerly in resource development, as our affiliate's new Executive Director. Kulas has been a longtime employee at Habitat, starting in 2008. She took over duties last fall and we are excited for all she-and her extended knowledge of Habitat-will do in our community.

The Director's Chair

The end of May brought our annual “Raise the Roof” Golf Outing. With 88 golfers, 10 volunteers, and 19 generous sponsors, we were able to raise over \$14,000 on a beautiful day! All of this money goes directly back into our community—primarily supporting home repairs. We are incredibly grateful to everyone who helped make this event a success. Thanks to your support, up to five families will soon have safer, more livable homes. Congratulations as well to our winning team—pictured above! If you’re interested in volunteering, sponsoring, or golfing in next year’s outing, we’d love to have you join us! Mark your calendars with Thursday, May 21, 2026.

REPAIRS

In 2024, our affiliate completed 18 repairs + the Cancer Closet, spending \$149,470. This year, we have already completed **13 repairs** (totaling over \$100,000) with many more to be completed the second half of the year!

Kaylee's

Groundbreaking

On June 21st, 2025 we celebrated the groundbreaking for our 52nd house! Future home-owner Kaylee and her daughter Gisele are pictured below while Kaylee, family, core crew, and Habitat executive director are pictured above.

Candee's House

In August 2024, we celebrated the dedication for our 51st house! Homeowner Candee Brownson, pictured to the left receiving the key from executive director Kathy Kulas, along with children Cherish and Curtis are officially moved in! Big thanks to a mission group from Hastings, MI, pictured top left, who spent a week transforming the foundation walls to a shingled-roof and mostly sided home. AND a big shoutout to our core crew for finishing the home. Candee and her family are pictured at the groundbreaking below and the completed house is to the left.
